1	Some teachers are rude towards my kid just because he does not attend college on regular bases even though he has taken permission from administration still they do not attend to his simple queries like asking about assignments, practical topics simple things	Principal sir instructed all the staff members that When a student has been granted official permission by the administration to miss a classes (whether for personal or medical reasons), it is important that we respect that permission. Teachers should be understanding and supportive of these students' unique situations, ensuring that they don't feel penalized for circumstances beyond their control. Teachers are expected to be approachable and provide clear, helpful guidance to all students, especially those who might need extra help due to irregular attendance.
2	Please do not deduct marks from my child's assessments, and please encourage them to make every effort in their papers.	Our assessments are designed to fairly evaluate students based on their understanding of the subject matter and their academic performance. It is essential that all students are graded consistently and in accordance with the assessment criteria, without bias or favouritism. While it's important to be empathetic and understanding of individual student circumstances, we must also maintain the integrity of the assessment process.
3	Staff do not cooperate at the time of re-admission in second or final year.	It is instructed to Staff who involved in the re-admission process must communicate clearly with students about the steps required for re-admission, including deadlines, documents needed, and any prerequisites. If any issues arise during this process, they should be addressed promptly and professionally.

4	No college or university can meet the environment and overall facilities of this college. Best college of sirsa in my opinion. However, its mostly depend on student but frequent change in staff may cause little trouble.	A new education system is being developed to take full care of the interests of the students in the college. Efforts are also being made for proper deployment of staff.
5	Including kho kho game in sports meet	From now on, this game will also be made a part of the sports meet program.
6	Non-teaching staff of parking (van driver or conductor) are not good; speak badly	Necessary steps have been taken to ensure that this does not happen in future.
7	Sports ko permot kiya jaye. Sports courses or add. Kiya jaye like certificate course. Yoga and PG diploma in yoga. MA yoga etc. Sports coaching certification etc.	To promote sports, the college has made arrangements for sports grounds and coaches for important sports.
